SUPERINTENDENT'S REPORT:

Introduction of New Teachers

Dr. Handfield had the pertinent principal introduce their new APS teaching staff for the 2020-2021 school year:

Mr. Delongchamp introduced Elena Arciprete: English Teacher at AHS who was in attendance. Mr. Desto introduced Patrick Armstrong: P.E. Teacher at AMS and Joshua Ponce de Leon: Information Technology Teacher at AMS, both of whom were in attendance. Mrs. Stanick introduced Taylor Arthaud: Intensive Special Needs Teacher at PAK who was in attendance. Dr. Handfield introduced Laura Marcus: District-Wide Occupational Therapy Assistant who was in attendance and also Katherine Grogan: District-Wide Speech and Language Pathologist who was not able to be in attendance due to a conflict.

All were warmly welcomed by the members who noted that anything they we could do to support them in this weird time of 2020, they should seek them out. Dr. Handfield noted that they were a bright and excited group and we looked forward to having them in our schools. Auburn is a great place to work; however, sorry we're getting underway in some strange circumstances.

Return to School Update

Dr. Handfield provided a quick update on some things related to Return to School: regarding air quality tests and HVAC inspections- they were positive; he shared that he and Dr. Chamberland would be meeting with the AEA on Tuesday, September 8th to review these tests with Mr. Fahey. He noted that an independent company came out on Monday, August 31st and did a sample of classrooms to test the air - all were extremely positive; During the first week of every month all buildings will be re-tested. Mrs. Harrington thanked the AEA for their willingness to work with the Committee and the Leadership Team.

Dr. Handfield noted that we are preparing for nursing presentations on Thursday, September 3rd. There will be two live presentations at 1:15 p.m. and 5:00 p.m. Dr. Chamberland sent those invitations out yesterday. These will also be taped as our other presentations have been to this point. He noted that we also continue to review all procedures in our RTS plan as information changes daily and will continue to change.

Dr. Handfield shared that as part of our continued refinement of our reopening plan, we are working with the Board of Health and the nurses right now on a formal communication plan to families that complies with HIPPA, so we are as transparent as possible regarding confirmed cases of COVID, should they occur. There was some discussion on this topic.

Dr. Handfield shared that we continue to work diligently on busses and cohorts. The requests have set us back a bit but we are moving as fast we can (as to be accurate the first time) with getting those done, as well as assigning busses within DESE regulations. He understands that parents and students are anxious to know cohorts and schedules, however, it is crazy busy and we want to get it right the first time. It has been incredibly intense. He noted we are a skeleton crew ...and there are a lot of ever-moving pieces. Dr. Handfield noted that it was his intention to send an update message to families by Friday, September 4th.
